Bachelor of Business Administration | *Finance*
Overall GPA: 3.6/4.0

December 202

EXPERIENCE

Perella Weinberg Partners – *Summer Analyst, Incoming Investment Banking Analyst*, New York, NY June 2025– Present
Leading global financial services firm providing strategic advisory services, capital raising, and risk management solutions for corporations worldwide

- Completed a ten-week generalist internship across M&A and Restructuring groups, culminating in a full-time offer

Selected Transaction Experience: (9 projects + Summer Project)

Lalo Tequila – Advised Lalo on \$1B majority sale to Tito's Vodka

- Helped analyze a comprehensive valuation model triangulating shipment and depletion trends to forecast revenue growth in the premium-spirits category
- Supported due diligence by analyzing market share, consumer demographics, and category expansion opportunities within the craft-tequila segment
- Attended diligence meetings with Lalo's founders and legal counsel to coordinate data flow and ensure completion of deliverables

Project Alpine – Advised Ultra Low Cost Carrier on merger with Midwest peer (active)

- Assisted in merger-model construction incorporating leverage ratios and debt waterfalls to assess EPS accretion under varying 60/40 debt-to-equity
- Synthesized equity research and comparable airline valuations to benchmark EV/EBITDAR multiples across the ULCC landscape

Project Vortex – Restructuring mandate for specialty pharmaceutical company

- Built a liquidity roll-forward model to pinpoint stress inflection points and inform creditor-negotiation strategy
- Analyzed covenant packages and debt structure using DebtWire, Octus, and Bloomberg to evaluate restructuring feasibility and recovery outcomes

Fintech Coverage – Take-private LBO analysis for leading digital-payments platform

- Modeled leveraged buyout scenarios incorporating user-growth, retention, and transaction-volume sensitivity to gauge investor IRR potential
- Drafted materials assessing competitive positioning, network effects, and monetization levers across the consumer-tech ecosystem

JPMorgan: Investment Banking Summer Fellow – *Intern*; New York, NY

Summer 2024

Leading global financial services firm providing strategic advisory services, capital raising, and risk management solutions for corporations worldwide

- Worked on real-world projects, received mentorship, and shadowed the Middle Market team to understand responsibilities of an analyst
- Scrubbed financials and linked case build to P&L, assisting in the development of an ATP build to determine implied entry multiple for bear case

UBS: Katz Private Wealth Management – *Intern*; New York, NY.

Fall 2023 – Spring 2024

Private wealth management firm within UBS with \$4.3B AUM that provides financial planning and asset management for UHNW individuals

- Customized investment portfolios and financial plans, achieving reduced portfolio volatility and improved adjusted returns
- Conduct research in financial markets, focusing on equity securities and various asset management strategies, providing insights for the team

PROFESSIONAL LEADERSHIP

SEO Career – *Investment Academy, Credit Academy*.

Fall 2023 – Present

Selected into SEO's Investment and Credit Academies, competitive buy-side training programs for private equity and credit

- Develop investment-grade LBO and valuation models, analyzing return drivers, and cash flow durability across varying operating scenarios
- Review covenant structures and creditor protections to assess structural subordination and risk-adjusted return potential
- Participate in technical training modules (BrainScape), attend partner-led case studies, and complete Superday-style technical assessments

Wall Street For McCombs (WSFM) – Social Chair

Fall 2023 – Present

Selected among 62 students for highly competitive, Dean-sponsored program focused on alumni mentorship and investment banking training

- Interface with NY-based investment banking and private equity alumni through individual membership and virtual and in-person networking events
- Train and study valuation methodologies, including public comparable analyses, discounted cash flow analyses, and leverage models

BLK Capital – *Senior Equity Research Analyst*.

Fall 2023 – Present

Selected among an elite pool of global candidates to participate in a student led investment management group and hedge fund

- Compete in long/short stock pitch competitions, leading teams in due diligence, valuation, and market analysis to present pitches to investment professionals
- Engage in weekly sponsor meetings to gain in-depth insights into the strategies of private equity firms, investment banks, and hedge funds

Texas TAMID – *Fund Head*

Spring 2023 – Spring 2024

Program that integrates business principles with Israel's economic landscape and consists of a Fund team that performs valuation on Israeli stocks

- Compete in long/short stock pitch competitions, leading teams in due diligence, valuation, and market analysis to present pitches to investment professionals
- Engage in weekly sponsor meetings to gain in-depth insights into the strategies of private equity firms, investment banks, and hedge funds

Texas ZBT – *Social Committee MC'22*

Fall 2022 – Fall 2023

Prominent fraternity at UT-Austin, renowned for its strong community involvement, networking opportunities, and commitment to philanthropy

- Compete in long/short stock pitch competitions, leading teams in due diligence, valuation, and market analysis to present pitches to investment professionals
- Engage in weekly sponsor meetings to gain in-depth insights into the strategies of private equity firms, investment banks, and hedge funds

Academic Projects

• Francisco Partners Stock Pitch Competition – Finalist (SELL: EVCN)

- **GPA:** 3.8 / 4.0
- **Honors:** Deans List (all semesters), Executive Leadership Council HSBC Scholar, BDT & MSD Partners Scholar
- **Relevant Coursework:** Financial Accounting, Economics, Statistics, Derivatives, Finance for Wall Street
- **Extracurriculars:** Alpha Phi Alpha Fraternity Inc., BLK Capital Management, HeadStart Fellowship, MLT, Rutgers Road to Wall Street, SEO Career, Teaching Assistant

PROFESSIONAL EXPERIENCE

J.P. Morgan

New York, NY

Investment Banking Summer Analyst – Business Services Group

June 2025 – Aug 2025

- Conducted in-depth industry research, compiled detailed precedent transaction lists, and developed high-impact bake-off materials, collectively driving successful pitches and securing client mandates
- Built and maintained an environmental services sector update deck tracking earnings, trading performance, and key financial/operating metrics for six major waste companies

Select Transaction Experience:

- Advised on the carve-out of a \$30MM EBITDA environmental consulting unit from an infrastructure services firm
 - Created and refined critical marketing materials including CIM, buyer list, and diligence tracker — used to engage strategic and sponsor buyers in fireside chats, delivering insights that drove bidding decisions
 - Performed in-depth research on the environmental consulting sector, identifying value drivers around regulatory compliance, long-term contracts, and geographic footprint
 - Built detailed data pack and financial outputs analyzing KPIs such as utilization rates, to help management assess business trends, key revenue drivers, and performance across service lines

HSBC

New York, NY

Commercial Banking Summer Analyst – International Subsidiary Banking

June 2024 – July 2024

- Led team in a data-driven analysis of over 2,000 European clients, identifying high-potential prospects, and consolidated 1,000+ datapoints into a presentation, shaping the group's strategic direction
- Performed thorough financial statement analysis of a global company aligned with HSBC, and pitched tailored products—including receivables financing, cash management, and FX solutions—to various relationship managers

Deloitte

New York, NY

Discovery Intern

June 2023 – July 2023

- Delivered in-depth research and SWOT analysis for a smart tech company acquisition case, providing strategic recommendations that strengthened the client's market entry decision-making process.
- Developed and pitched a pro-bono consulting strategy for a non-profit facing a childcare shortage in Chester County, PA, designing a student volunteer program in partnership with West Chester University projected to expand service capacity and reduce staffing gaps

LEADERSHIP & PROFESSIONAL DEVELOPMENT

NABA – Rutgers University

New Brunswick, NJ

Co-founder & Vice President

April 2023 – Present

- Co-founded the Rutgers University chapter, laying the foundation for long-term growth and impact
- Led operations, delegating tasks, & facilitating events that tripled active membership and elevated campus presence

Roark Capital Group

Remote

Investment Fellow

Sept 2023 – May 2024

- Completed weekly 90-minute sessions on investment banking, private equity and interview prep complemented by one-on-one mentorship from an investment banking professional

SKILLS & INTERESTS

Skills: Microsoft Office (Excel, PowerPoint, Word), WSP Accounting & Financial Statement Analysis

Interests: Basketball (Lakers), DJing (Open Format), Cooking & Baking, Fitness, Sneakers, Travel, Thrifting

Joseph Negede

negedej@mcmaster.ca | (647) 717-9536 | www.linkedin.com/in/joseph-negede

EDUCATION

McMaster University – DeGroote School of Business

Hamilton, ON

Bachelor of Commerce with Specialization in Finance

Expected May 2026

- **Scholarships:** Brighter World Entrance Award (\$5,000)
- **Relevant Coursework:** Securities Analysis, Financial Modelling, Market Trading with Options and Futures, Managerial Accounting

PROFESSIONAL EXPERIENCE

KPMG

Toronto, ON

Management Consultant Intern

May 2025 – August 2025

- Supported a Finance Operations transformation for a Big Five bank post-relocation, developing a data-backed target operating model and a sequenced roadmap to capture synergies and reduce cost to serve.
- Conducted peer benchmarking and demand–capacity analysis on 50,000+ payment records to identify bottlenecks and value leakage; built the benefits case and KPI tree prioritizing initiatives that targeted a 6–10% unit-cost reduction and a faster month-end close.
- Facilitated executive workshops across Finance, Technology, and Risk; established governance, RACI, and PMO reporting in Power BI, securing C-suite approval to launch pilots across payments and reconciliations.

TorQuest Partners

Toronto, ON

Private Equity Winter Analyst

January 2025 – April 2025

- Conducted due diligence by analyzing financial statements, valuations, and industry trends, delivering actionable insights for early-stage deal evaluation and decision-making
- Built detailed DCF and LBO models, assessed financial performance and market trends, and presented findings through investment memos, pitch decks, and presentations to senior stakeholders
- Built decision models to pressure-test growth and margin levers, scenario analyses, and unit economics; translated findings into clear recommendations on market entry, pricing, and operational priorities.

Royal Bank of Canada

Toronto, ON

Business Analyst, RBC Amplify

May 2024 – Aug 2024

- Drove the end-to-end discovery for a new onboarding feature by running 15+ user interviews, defining the MVP, and aligning design and engineering on a delivery plan that secured senior funding.
- Built and tested a clickable prototype in Figma, translated findings into clear requirements, and prioritized a release roadmap that reduced projected onboarding time by 25 percent.
- Partnered with Engineering, Compliance, and Risk to de-risk the flow, set acceptance criteria, and unblock development, moving the feature from concept to pilot readiness in eight weeks.
- Built the business case and KPI framework for a new onboarding feature and led the product from discovery to pilot, resulting in a granted patent

LEADERSHIP EXPERIENCE

Association of Canadian Intercollegiate Investment Clubs (ACIIC)

Toronto, ON

Investment Analyst

Sep 2024 – Present

- Selected as one of only 6 analysts on McMaster's ACIIC chapter, conducting equity, industry and market analysis to pitch short, long and take-private opportunities to industry professionals across Canada
- Critically evaluating equity research to identify missed opportunities, revising financial estimates and ideating unique investment theses to support the building of various financial models and presentation of unique investment theses

BLK Capital Management

Cambridge, MA

Equity Research Analyst

Sept 2023– Present

- Led comprehensive financial analysis of over 20 companies, evaluating company performance to inform strategic investment recommendations
- Helped manage an investment portfolio of over \$100,000, overseeing asset allocation and performance tracking, to ensure consistent outperformance of various market benchmarks through innovative investment ideation and execution
- Coordinated efforts with cross-functional teams, ensuring alignment with investment strategies and market trends, leveraging excellent verbal and written communication skills in a fast-paced environment

McMaster BlackPrint

Hamilton, ON

Founder & President

Jan 2023 – Present

- Founded BlackPrint to focus on the well-being of black male-identifying individuals within the McMaster Community
- Manage club operations, including budgeting, cash flows, and event planning.
- Secured over \$10,000 of operational funds through building rapport with over 15 firms across Canada, allowing the opportunity to host numerous events throughout the school year.

ADDITIONAL INFORMATION

- **Additional Involvement:** Montréal Exchange's Top Options Trader Contest, Monitor Deloitte Early Discovery Program, 2023 Deloitte Business Strategist Case Competition Semi-Finalist, Youth Program Director at St. Paul's Kiwanis After School Program
- **Technical Skills:** Microsoft Excel (Advanced), Python, SQL and R (Intermediate)
- **Interests:** Personal Investing, Stoicism, Global Politics, Social Impact, David Goggins, World History, Active Lifestyle, Hip-Hop

Matteo Sylvestre

matteo.sylvestre22@my.stjohns.edu | +1 347-287-4418 | Queens, New York | www.linkedin.com/in/matteo-sylvestre-77a5b5257

EDUCATION

St. John's University Cumulative GPA: 3.91

Queens, NY | 09/2022 – 12/2026

Bachelor of Science – Applied Mathematics; Minor – Biology

Honors & Scholarships: Dean's List [Fall 2022, Spring 2023, Fall 2023, Spring 2024], 1st Place @ Villareal Tournament, Finalist of the James Christmas Business Plan Competition

Provost Merit Scholarship – Awarded \$125,000 as 1 of only 20 recipients selected from 2000 applicants for exceptional academic performance and leadership potential

Relevant Coursework: Calculus I, II & III | Financial Accounting and Reporting | ODEs | Corporate Finance | Design & Analysis of Algorithms | Linear Algebra

Wallstreet Prep - Healthcare Investment Banking and Biotech Valuation Courses

New York, NY | 11/2024

- Gained expertise in valuing clinical-stage biotech companies through sum-of-the-parts analysis and risk-adjusted NPV based on the therapeutic trial phase, LOEs, sales & commercialization strategy, market penetration, unadjusted peak revenue, and varied uptake curves to determine enterprise value
- Built a revenue model for a hospital and generic pharmaceutical company from a unit economics perspective, incorporating idiosyncratic operating drivers such as legal settlements, loss contingencies, price declines due to increased competition, weighted average licensed beds, occupancy rates, and total uncompensated care

EXPERIENCE

Investment Banking First-Year Analyst – M&A Group

New York, NY | 07/2026

Scotiabank

Investment Analyst Intern

New York, NY | 10/2025

St John's University Endowment

- Recommended an endowment allocation to Quantum Energy Partners IX due to its prioritization of capital distributions (2.19x DPI), attractive risk-reward profile (~2.0x MOIC, ~20% IRR), and ability to improve portfolio diversification
- Led due diligence for the Student-Managed Portfolio, ensuring compliance with St. John's charter while validating investment theses, rebalancing positions to correct over/under-exposures, and summarizing attractive pitches for the CIO and Investment Associates

Investment Banking Summer Analyst – Healthcare Group

New York, NY | 06/2025- 08/2025

Scotiabank

- Supported the IPO process for a \$3–12B North American generics manufacturer by taking detailed notes during management strategy sessions, drafting Analyst Day scripts and Q&A materials, and co-managing the virtual data room alongside my analyst
- Spearheaded a SOTP comparable company analysis using 4x / 8x / 8x peer multiples across generics, specialty generics & biosimilars, and consumer health, benchmarking against Jamieson Wellness, Teva Pharmaceutical, and Sandoz Group, and identifying a 3.4x valuation discount to the closest peer

Business Development & R&D Intern

New York, NY | 12/2024 - Present

Hebbian Bio

- Analyzed and monitored the competitive landscape of the discovery platform market, highlighting how capital flows to platforms that identify therapeutic targets earliest over those with superior technology, whilst maintaining a database of the latest funding rounds, partnerships, deals, clinical successes/failures, and IPOs in this space
- Built an initial risk-adjusted NPV model using Hebbian Bio's lead preclinical therapeutic candidate that is being investigated to treat Rett Syndrome and 3 other single-gene neurodevelopmental disorders and determining an enterprise value of \$29 million driven by a market penetration rate of 25%, unadjusted peak revenue of \$1.4 billion, probability of success to approval of 15%, 5-year peak uptake, 7 years of patent exclusivity, annual sales decline of 65% after LOE, and cost of equity of 14.83%
- Sourced 4 potential biotech partners, a clinical trial-ready patient organization, and a prospective angel investor

Computational Research Assistant

Queens, NY | 09/2024 - Present

The Department of Mathematics and Computer Science of Saint John's University

- Built code in R-Studio to collect, clean, and analyze HIV RNA secondary structures, facilitating the creation of detailed images and conducting comparative analysis with other retroviruses to identify common structures
- Will help build and train a machine learning model on purine-rich exons to identify subtle variations in these regions which may cause drug resistance, given their critical role in RNA packing and structural integrity

Portfolio Manager – Healthcare

New York, NY | 09/2024 - Present

BLK Capital Management

- Spearheaded a Discounted Cashflow Model for Avantor Inc. (NYSE: AVTR) using a 7.53% WACC and 13.5x exit EBITDA, backed by strong projected growth in Lab Solutions and Bioprocessing segments driven by large LOE's putting upward pressure on topline and a 5 year pure play bet on single-use consumables, while also building a Reverse DCF that identified valuation gaps driven by conservative 10x exit multiples, underappreciated cost-saving initiatives, and bearish sell-side revenue assumptions—contributing to a first-place finish in the semi-annual Equity Pitch Competition

LEADERSHIP & PROFESSIONAL DEVELOPMENT

Early Insights Participant – Investment Banking Track

New York, NY | 1/2025

Morgan Stanley

- Chosen as one of the few applicants for the selective IBD track, gaining firsthand exposure to Morgan Stanley's culture, business divisions, and career insights through IPO and M&A case studies, investment banking analyst panels, and senior leader fireside chats

Treasurer

Queens, NY | 05/2024- Present

Haraya Black Student Union @Saint John's University

- Raised \$10,000 for Lil Durk's Neighborhood Heroes Foundation and hosted high school students from the program to provide college advice and guidance.

SEO Edge Participant – Investment Banking Track

New York, NY | 03/2023 – Present

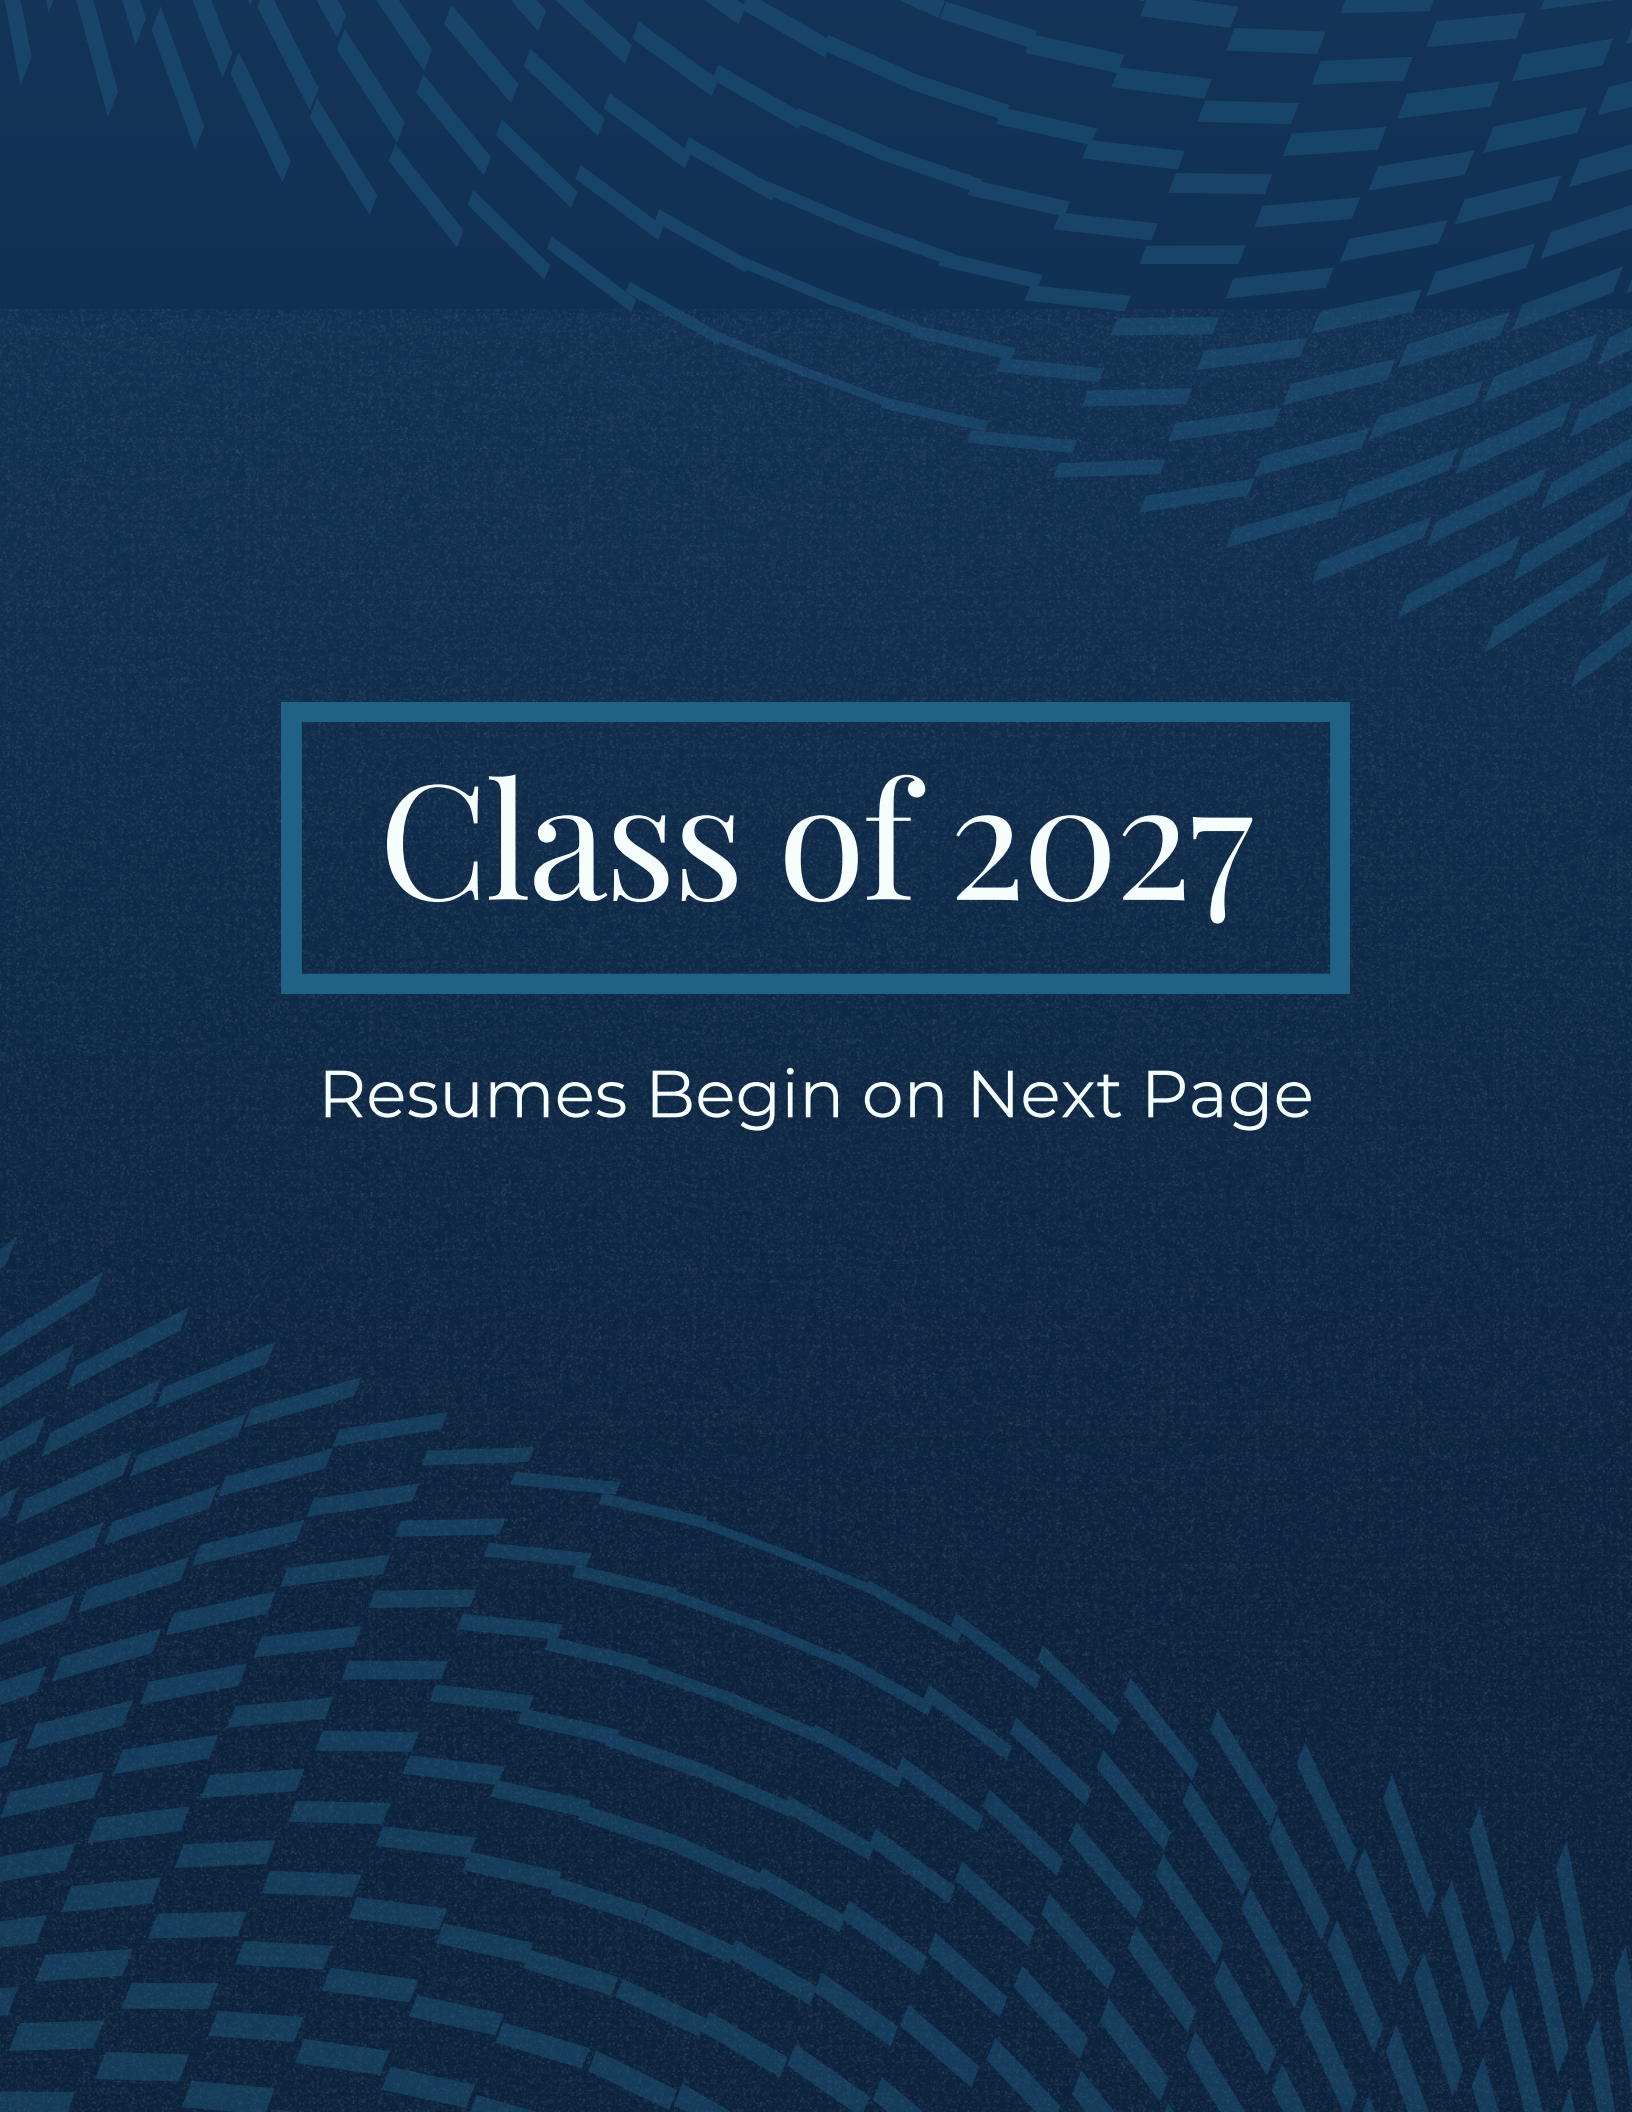

SEO Career

- Participated in virtual classes geared towards building a baseline understanding of office & email etiquette, valuations, financial modeling skills pertinent to investment banking and attended fireside chats with industry experts to learn from their experiences

OTHER SKILLS & INTERESTS

Skills & Language: R-studio, Financial Modeling, Microsoft Excel, Microsoft PowerPoint, Leadership, Communication, Teamwork | Spanish, French, Creole, Mandarin (Level 2)

Stanford University

2023 - 2027

Major: B.S. Management Science & Engineering | Minor: Mathematics

GPA: 4.0/4.0

Coursework: Financial Markets, Investment Science, Graph Theory & Combinatorial Optimization

Affiliations: Ron Brown Scholars, National Society of Black Engineers, Ernest Houston Johnson Scholars

EXPERIENCE

BLK Capital Management — *Executive Board Member, Sponsorship Chair*

2025 – 2026

- Managed relationships with 14 corporate sponsors to maximize partnership value, negotiate contract renewals, and host flagship biannual conferences.
- Reduced a 3-month manual process to 2 days by implementing the organization's first automated resume-book system using Google Cloud, Drive API, and OAuth.

Pricewaterhouse Coopers — *Corporate Strategy Intern*

2025

- Selected as Team Lead for an intern consulting project, developing growth strategy for an AI/EdTech client.
- Directed the team's data analysis (Excel), data visualization (Python), and strategy development (PowerPoint), producing a comprehensive client-ready proposal.
- Presented final recommendations to PwC leadership and client stakeholders, receiving positive feedback on clarity and actionable insights.

Charles R. Blyth Fund — *Portfolio Manager*

2023 – 2025

- Led a team of 15+ analysts to build valuation skills, assess investment opportunities, and combine micro/macro-economic factors to develop a rigorous thesis.
- Applied DCF and comparative analysis models to determine equity value and present findings to fund.

QOE Capital — *Investment Research Analyst Intern*

2024

- Conducted a quarter-long financial analysis using DCF, comparable company analysis, and sensitivity analysis to build a detailed valuation.
- Researched sector-specific trends and macroeconomic indicators to evaluate long-run growth potential.
- Synthesized financial data into an investment report detailing the company's position, outlook, and risks.
- Partnered with supervisor to refine assumptions and financial models, ensuring precise valuation outputs and informed investment decisions.

AmplifyMe Finance Accelerator — *Mock Asset Manager*

2024

- Managed \$20 M portfolio trading US equities, bonds, and commodities over simulated 6-month period
- Executed trades both directly on exchange as well as through investment bank partners.
- Generated \$2.9M profit (31.1 % annual profit) with ROI in 93rd percentile of Stanford student-participants.

SKILLS

Knowledge: Financial/Economic Analysis, DCF Modeling, Combinatorics, Equity Research, Data Visualization

Skills: Python (Pandas, NumPy, Scikitlearn), TensorFlow, C++, SQL (PostgreSQL), Java, Microsoft 365 Suite

Professional Programs: Jane Street IN FOCUS, Alpine Investors Future Leaders Summit, PwC Career Preview

RESEARCH PROJECTS

Deep Learning & Computer Vision for Fall Detection in Hospitals

February 2024

- Led development from start to finish on a convolutional neural network that processed camera video and determined the likelihood that it captured someone experiencing a fall.
- Model was over 70% accurate at distinguishing between highly similar events (ex. person lying down vs falling).
- Utilized data augmentation to improve predictive accuracy while enhancing the model to prevent overfitting.

EDUCATION

University of Warwick, Coventry BSc Chemistry (With Honours) - Achieved 2:1 (1st Year) • Relevant module: French Language (Level 2)	2024 - 2027
University College School (UCS), London A-Levels: English Literature, Chemistry & Mathematics	2021 - 2023
The Cumberland School, London GCSEs: 11 grade 7-9's (Mathematics (8), English Language (9), English Literature (9))	2016 - 2021

EXPERIENCE

Summer Analyst - Valentia Partners (Financial Services Consulting Boutique) - Analysed 2 digital banking and media datasets using Python and Excel to uncover user trends, retention patterns, and engagement insights; presented actionable recommendations to senior staff. - Conducted private equity research on exit strategies under current market conditions, identifying optimisation opportunities for portfolio firms. - Supported digital assets and AI initiatives by building target lists of 40 companies for tokenisation workshops and evaluating tools to improve internal efficiency. - Led benefits benchmarking research, gathering insights from 15 internal conversations and surveys to compare VP against peer firms.	Aug 2025 - Sept 2025
Insight Week Participant - Orchard Global - Rotated across credit, risk, and structuring teams to gain insight into investment idea assessment and execution within a global credit strategy. - Led fund design project, selecting litigation finance and proposing closed-ended structure with legal and fee considerations. - Gained commercial insight into investor relations, compliance, and middle office operations supporting deal flow and performance.	Jul 2024 - Jul 2024
Equity Research Analyst - BLK Capital Management - Conducted equity research and pitched Siemens AG stock, focusing on automation trends and buy-side investment rationale. - Built revenue and margin forecasts to derive company valuations using DCF modelling, supporting investment recommendations. - Researched technology sector trends, identified emerging companies, and developed market maps to inform deal sourcing. - Analysed financial, operational, and market data to support due diligence and benchmarking of potential portfolio companies. Regional Liaison (Ongoing): organising events connecting sponsors with BLK members to enhance community engagement and professional networking.	Oct 2024 - Pres
Co-Founder - 'Stayn' - Co-founded a soft skills programme empowering students through workshops on communication, confidence, and leadership. - Designed and launched website landing page to capture sign-ups and promote the programme launch. - Successfully pitched the initiative to a panel of 10 investors, securing funding and forming a partnership with a local school to pilot the programme.	Aug 2024 - Pres
Winner - Stock Pitch Challenge - WABS - Coordinated a cross-functional team to tackle period poverty by proposing a diaspora-funded sanitary product venture, overseeing market research, outreach, and proposal development. - Directed the creation of a financial framework estimating startup costs, funding needs, and risk factors, contributing to a pitch that won "Best Innovation."	Feb 2024 - Feb 2024

RESPONSIBILITIES & ACHIEVEMENTS

President & Founder of Warwick Black STEM Society - Elected to revitalise and rebrand the former Black Chemistry Society into Warwick Black STEM, leading on strategy, outreach, sponsorship, and community engagement. - Designed the society's branding and logo, and secured ongoing funding/partnerships from 6 companies, including Jane Street and Deutsche Bank, building strategic relationships with staff, national STEM networks, and future sponsors.	Apr 2025 - Pres

EDUCATION

University of Cambridge, Trinity College, BA (Hons) Economics

Oct 2024 - Jun 2027

- Predicted Grade: First Class

Roundwood Park School

Sep 2017 - Aug 2024

- A-levels: A*, A*, A*, A in Mathematics, Further Mathematics, Geography and Economics (2nd highest grades in cohort)
- GCSEs: Eight grade 9s, One grade 8, including a grade 9 in Mathematics and English

WORK EXPERIENCE

McKinsey & Company - Future Black Leaders Programme

Jun 2025 - Present

- Advised VC-backed company Ruka on how to increase profitable revenue contribution in U.S. market to 30% by 2026
- Conducted interviews with Ruka CEO and McKinsey Experts to validate the hypothesis for Ruka's US market expansion
- Evaluated 4 indirect retail channels and modelled projected revenue, then used the adoption curve to model staggered partnerships
- Applied frameworks to design strategy on organisation, product and marketing, presenting to a panel of the CEO and consultants

PJT Partners - Spring Intern (Incoming Summer Intern)

Mar 2025 - Apr 2025

- Delivered a company profile on Ferrari, including a breakdown of Financial Performance and Trading Comps to senior bankers
- Explored different peer indices and discovered Ferrari was more closely correlated to luxury clothing peers as opposed to autos
- Learned and applied debt mechanics quickly, building out a debt table and maturity wall and comparing net leverage ratios

Bank of America - Spring Intern (Received Return Offer)

Apr 2025

- Completed a DCF Model on Disney, determining a market undervaluation of 9% and ranking 1st by over 15%
- Competed in a global markets trading simulation from both the buy-side and sell-side, ranking 2nd
- Ranked 1st in the Universal Banking simulation out of 100 students covering different functional areas of a bulge bracket bank

Jane Street - FOCUS Participant

Jan 2025

- Performed within the top 10% of market makers in a unique trading exercise and tackled difficult probability and logic puzzles
- Studied behavioural economics and cognitive biases, gaining an insight into actionable ways to mitigate fallacies in practice
- Led a breakout session workshoping time-sensitive incident management with simultaneous strategies to minimise market losses

One Stop Stores - Customer Service Assistant

Mar 2023 - Mar 2024

- Increased efficiency by streamlining a lean stock control system by maximising stock on show and minimising waste, full restock time reduced from 20 hours to less than 14 hours [frequently commended by line manager on work ethic and performance]
- Provided intuitive consulting input on new stockroom layout and as a result, facilitated stock orders to increase by 10%

Tui - Trader and CRM Work Experience

May 2023

- Conducted a sensitivity analysis on Braze to investigate variables, identify potential breakpoints, and present to the department
- Analysed competitor pricing benchmarks, seasonal trends and heuristics on the trading floor to find prices that optimised yield management and increased the load factor to 90% as well as adjusting the commercial sort priority, where I boosted CTR by 15%

Spring Week Offers: PJT Partners, BlackRock, Bank of America, Lazard, Deutsche Bank, PWP, HSBC, Barings, Nomura, Macquarie

Insights: Blackstone Diverse Leaders, Goldman Sachs (Ranked #2 in Modeling simulation), Houlihan Lokey (Received Fast-track)

Boston, MA

Candidate for Bachelor of Science in Data Science & Business Administration | **Concentration:** Fintech

May 2027

Awards: John Martinson Honors College, D'Amore McKim FIRST Scholarship, NSBE Golden Torch Award Scholarship

Relevant Coursework: Database Design, Calculus 2, Machine Learning, Algorithms, Info Visualization & Processing

TECHNICAL SKILLS

Programming Languages: Python, SQL, R

Skills & Technologies: MySQL, Flask, Jupyter Notebooks, Power BI, Git, Regression, KNN Classification, Pandas, NumPy, Scikit

PROFESSIONAL EXPERIENCE

Fidelity Investments

Boston, MA

Asset Management Investments Research Intern

June 2025 – August 2025

- Applied statistical methods to analyze 10M+ credit card transactions in the Quantitative Research & Insights group, identifying sector-level spending anomalies and enhancing alpha signal stability by 18%, which informed 3 cross-asset factor models.
- Delivered high-conviction pitches, including a CRI equity sell, MPEA municipal bond refinancing, PLAY 1L term loan evaluation, and NuTrail LBO financing, incorporating multi-factor valuation models, DCF forecasts, and credit risk analyses.
- Completed a 10-week rotational program across Equity Research, QRI, Fixed Income, High Yield, and Private Credit, producing investment recommendations and credit analyses across multiple asset classes.

NEU Environmental Sensors Lab

Boston, MA

Data Science Research Assistant

October 2024 – June 2025

- Developed Python-based NowCast algorithms for real-time urban air quality assessments with data from diverse pollution sources.
- Analyzed over 500+ air quality sensor data points alongside Google traffic patterns to create predictive models that reduced forecast errors by 35%, addressing fluctuations caused by vehicles, power plants, and other sources.
- Streamlined GeoJSON data downloads for high-resolution spatial mapping at the block level, reducing processing time and optimizing data ingestion and visualization to capture intricate patterns influenced by urban infrastructure.

PROJECTS

Generate Product Development | Python, BeautifulSoup, DistilBERT(Hugging Face), Render

- Built an AI chatbot with Python and DistilBERT NLP model integrated with Generate's Slack, increasing average productivity by 25% through real-time information retrieval from internal Notion Database Wiki.
- Designed an interactive Co-op Dashboard by analyzing recruitment and project data, enabling data-driven decision-making for management and team leads.
- Leveraged advanced data analytics tools to support recruitment and client experience initiatives, delivering insights for Generate.

MIT iQuHACK (Quantum Computing Hackathon) | 3rd Place out of 32 teams

- Applied Topological Data Analysis (TDA) to detect financial crashes and corrections, leveraging fundamentals (P/E, PB) and market metrics (volatility, liquidity) for baseline financial modeling.
- Integrated sliding window algorithm on rolling stock price time series that captured structural signals ahead of market downturns.
- Compared TDA-enriched vs. baseline models in a machine learning pipeline, demonstrating how enhanced features improved predictive accuracy by 10% over traditional financial metrics alone.

LEADERSHIP & PROFESSIONAL DEVELOPMENT

Black Business Student Association

Boston, MA

Vice President

June 2025 – Present

- Lead the strategic planning and execution of 25+ annual events, including competitions impacting over 100 members.
- Support chapter fundraising efforts, alumni engagement, and coordination with the Center for Student Involvement and SGA.
- Collaborate with the Director of Finance to manage a \$10,000 programming budget, ensuring effective resource allocation across signature events.

WORK EXPERIENCE

JPMorgan | New York, NY

June 2025 – August 2025

Investment Banking Summer Fellow

Selected as 1 of 300 fellows from over 18,000 applicants to participate in JPMorgan’s highly competitive Investment Banking Fellowship programme

- Completed intensive technical training through Financial Edge, with emphasis on accounting, valuation, and modeling fundamentals, including 3-statement models, DCFs, and precedent transactions
- Shadowed Analysts and Associates across multiple coverage groups (e.g., TMT, FIG, REGAL), gaining exposure to live deal work, client materials, and internal valuation processes
- Participated in case studies and deal simulations designed to mimic real M&A and capital markets scenarios
- Engaged with senior bankers during roundtables and speaker series focused on market trends, career development, and firm culture

Old Town Companies | Carmel, IN

June 2024 – March 2025

Investor Relations & Capital Markets Associate

- Led capital raises for real estate development projects in Central Indiana, securing \$40MM in equity from Limited Partners (LPs) under IRS Regulation D, Rule 506(b), driving new project launches and expanding the investor base
- Structured and presented investment opportunities through targeted pitch decks that highlighted potential returns, including an average Internal Rate of Return (IRR) of 17.9% and a 2.66x equity multiple, resulting in \$15MM in new investor commitments
- Oversaw the preparation, review, and execution of subscription agreements and operating agreements, coordinated capital calls, and managed wire instructions to ensure accurate and timely funding
- Managed the creation of quarterly investor reports via AppFolio, providing clear, transparent updates on project progress and financial performance, enhancing investor confidence and reducing inquiries

MOOV | New York, NY

January 2023 – June 2024

Co-Founder, GTM Lead

- Spearheaded go-to-market (GTM) strategy and developed sales funnels, driving company revenue growth from \$0 to \$106K by identifying and capitalizing on market opportunities
- Led marketing campaigns across social media, content, and in-school events to boost Daily Active Usage (DAU)
- Fostered strong relationships with school administrators and key stakeholders, enhancing customer success and retention through proactive communication and tailored feedback loops
- Mentored and managed a team of 14 interns, establishing a culture of agility and growth by setting clear KPIs/OKRs and leveraging data-driven insights to refine strategies and improve performance

Marcus & Millichap MMI (NYSE) | Indianapolis, IN

July 2021 – December 2021

Investment Sales Intern

- Conducted underwriting across all asset types, including Discounted Cash Flow (DCF) valuations and Pro-forma Net Operating Income (NOI) analysis, to support investment decisions
- Researched market trends and analyzed data to provide actionable insights for clients, aiding in strategic decision-making
- Prepared detailed marketing materials and financial analyses, directly supporting transaction processes and client presentations
- Contributed to a team transaction volume exceeding \$250MM per year, as part of a company achieving over \$50bn in annual volume

LEADERSHIP & STRATEGIC PROJECTS

Beacon of Hope Crisis Center | Indianapolis, IN

May 2024 – Present

Board Member, Fiscal Agent

Managed monthly fiscal reports and oversaw grant compliance, ensuring accurate financial tracking and alignment with grantor requirements to support the organization’s mission and sustainability

Stella Capital | Chicago, IL

Jan 2025 – April 2025

Investor Relations Co-op

- Supported Stella Capital's \$75MM Fund II raise, while working on live deals and contributing to the fund's continued success following a 6.20x DPI, 9.43x MOIC, and 140% IRR achieved in Fund I

EDUCATION

Northwestern University, Evanston, IL

Expected June 2028

Bachelor of Arts, Major in **Econometrics and Quantitative Economics** | Minor in **Business Institutions**

GPA: 3.60/4.00

- **Relevant Courses:** Microeconomics, Macroeconomics, Probability & Statistics, Multivariable Calculus, Business Ethics

RELEVANT EXPERIENCE

PwC

July 2025 - August 2025

Strategy & Research Extern | Remote

- Conducted strategic analysis for Emboldly, evaluating its donor engagement model and synthesizing insights from sister nonprofit programs to identify replicable fundraising strategies and long-term engagement opportunities
- Developed a 10-slide presentation outlining donor personas and a four-phase engagement roadmap. Delivered recommendations to PwC and Emboldly leadership, receiving positive feedback for content quality and delivery
- Proposed actionable strategies including recurring donor programs, segmented outreach, and storytelling campaigns to strengthen fundraising pipelines, improve long-term donor retention, and reduce reliance on one-time events

Abaarso Network

May 2025 - August 2025

Data Analyst | Remote

- Built an alumni database with Excel covering 70% of graduates (500+ profiles) across 30+ global universities, projecting 90% completion by year-end by leveraging my experience as a network alumnus to boost engagement
- Presented findings at a 70+ attendee reunion, the first held in four years since COVID, including alumni, donors, and the U.S. Ambassador, strengthening fundraising pipelines and driving alumni and donor engagement
- Launched and managed alumni engagement platforms on WhatsApp, Slack, and LinkedIn, enabling mentoring, networking coffee chats, essay support, and opportunity sharing, improving alumni connectivity and career guidance

Northwestern IT Services

July 2025 - Present

Audio/Visual Technical Consultant | Evanston, IL

- Consulted on Tier-1/2 A/V issues across 150+ NUIT-supported classrooms and meeting spaces, resolving technical problems (Windows, macOS, iOS, Android) and documenting solutions, reducing repeat incidents by 15%
- Assisted 100+ faculty and staff in using control systems and hybrid platforms (Zoom/Teams) through in-person, phone, and remote support; created visual quick-start posters that improved first-time fix rates and enhanced user confidence
- Conducted preventive maintenance, replaced faulty components, and escalated technical faults, significantly improving classroom uptime and ensuring smooth consistent teaching and conferencing performance

LEADERSHIP & PROFESSIONAL DEVELOPMENT

Goldman Sachs Emerging Leaders Series

October 2025 - Present

Investment Banking Fellow | New York, NY

- Selected from over 8,000 applicants nationwide for Goldman Sachs Emerging Leaders Series, an intensive multi-day program at the firm's New York headquarters focused on finance, leadership, and career development
- Completed investment banking and asset & wealth management case studies, technical workshops, and job-shadowing sessions with professionals across divisions, gaining hands-on exposure to client advisory, valuation, and market strategy

Institute for Student Business Education (ISBE), Northwestern University

Analyst | Evanston, IL

October 2024 - Present

- Secured Top-3 finish in the Capgemini Case Competition by delivering an international expansion strategy for Buddy AI, a language learning platform, including financial projections and generative AI integration
- Digitized operations for Evanston's oldest Pilates studio by evaluating five management platforms and implementing a system that streamlined scheduling, bookkeeping, and payments, enabling studio instructors to focus on clients

Associated Student Government (ASG)

March 2025 - Present

Weinberg College Senator | Evanston, IL

- Allocated \$1.5M in student activity funding, supporting new organizations through ASG's \$5,000 New Student Organization Fund and improving transparency in financial decisions
- Evaluated student club funding pitches and produced motions during weekly 4-hour meetings, ensuring fair and strategic distribution of resources across diverse student groups

The Garage at Northwestern for Innovation & Entrepreneurship

January 2025 - Present

Member | Evanston, IL

Hybrid

- Selected for the Milken Institute fellowship designed to prepare students for investment and capital markets careers through applied finance
- Conducted credit analysis on a \$1,000 intra-family loan by evaluating interest rate terms, repayment schedules, and default risk to simulate core credit underwriting practices
- Analyzed risk and reward trade-offs in asset management using the GameStop short squeeze case study, in which short interest above 100% drove losses for institutional short sellers

BLK Capital Management

September 2025 – Present

Investment Banking Analyst Trainee

Hybrid

- Selected for a competitive IB Analyst Program focused on financial analysis, modeling, and valuation (DCF, comps, precedents)
- Built and analyzed merger and leveraged buyout (LBO) models to evaluate transaction structuring, capital structure, and deal financing

Point72

September 2025 – October 2025

Participant, Point72 Academy Case Competition

Remote

- Built a 5-year Discounted Cash Flow and peer-comparable financial model for Rivian (NASDAQ: RIVN) to support a long/short thesis
- Integrated 3 years of public financials, EV market trends, and management guidance into the model to stress-test key assumptions

Annaly Capital Management

February 2025 – April 2025

Participant, U.S. Residential Mortgage Markets Bridge Program

New York City, NY

- Explored the role of options in mortgage-backed securities to assess borrower prepayment behavior and its impact on risk via weekly sessions
- Developed an in-depth understanding of the U.S. residential mortgage finance system and the \$55+ trillion U.S. fixed income market
- Modeled high-leverage (80% debt) vs. low-leverage (80% equity) real estate structures in Excel to compare returns and downside risks

Goldman Sachs

January 2025 – December 2025

Goldman Sachs Possibilities Summits Fellow

Remote

- Selected for the competitive Goldman Sachs program, gaining insights into 5+ finance career paths in the financial services industry
- Networked with 20+ finance-driven students and 6 professionals at Goldman through the program to learn about and navigate entry into the industry

ADDITIONAL INFORMATION

- **Software:** Microsoft Office Suite (Word, Excel, PowerPoint, Outlook), SQL, Power BI, Python, Generative AI tools, Canva
- **Skills:** Data Analysis, Market Research, Financial Modeling, Valuation, Analytical Thinking, Creative Problem Solving, Written and Verbal Communication, Presentation, Leadership, Collaboration, Adaptability, Attention to Detail, Initiative and Work Ethic
- **Interests:** Financial Markets, Traveling, Videography, Indie Folk Music (Zach Bryan), Jazz (Berlioz)
- **Leadership Experience:** President (Livingstone Finance Club), Treasurer (NABA), V. President (Rotaract Club), Chapter Leader (YPA)

EDUCATION

University of Waterloo

BMath, Statistics and Combinatorics & Optimization,

-Stochastic Calculus, Probability Theory, Real Analysis, Optimization, Calculus III, Linear Algebra, Linear Models.

Waterloo, ON

CGPA: 3.6

EXPERIENCE

Equity Research Analyst

BLK Capital Management

Present

Remote

Market Risk Analyst Intern

IESO (Independent Electricity System Operator)

Sep. 2025 - Dec. 2025

Mississauga, ON

- Enhanced price forecasts by modelling **volatility drivers** and **congestion shocks** using Python resulting in a 12% reduction in real-time hourly forecast error.
- Estimated P95 & P99 tail-risk for price spikes and make whole payments by running simulations on load shocks and generator outages.
- Restructured the internal pricing & dispatch simulation model in MATLAB to evaluate what-if scenarios in the market.

Research Assistant Intern

University of Waterloo

Jan. 2025 - Apr. 2025

Waterloo, ON

- Developed a predictive model using **GBM** and **Monte Carlo** to simulate NBA outcome distributions achieving **68%** out-of-sample accuracy.
- Executed 1,000+ stochastic simulations per game to produce 95% confidence intervals improving model reliability.
- Optimized hyper-parameters using grid/random search reducing variance and overfitting.

Quality Assurance Analyst Intern

Sterling Bank

Jun. 2024 - Aug. 2024

Remote

- Built automated data transfer pipeline in Python and SQL scripts to maintain smooth transfers during system migration.
- Automated 50+ Selenium and Python tests boosting execution efficiency by 20% and reducing manual error rates.
- Built automated Git version-control scripts to manage testing workflows, reducing rollback rates to 5%.

PROJECTS

Monte Carlo Portfolio Optimization | *Python, SQL, Risk Management*

Jul. 2025

- Designed a Monte Carlo framework to evaluate portfolio risk-return tradeoffs across equities and bonds.
- Ran 10,000+ simulations to estimate volatility, 95% Value-at-Risk, and max draw-down, benchmarking downside risk.
- Identified allocations with 10% higher Sharpe Ratio than equal-weight portfolios, demonstrating improved risk-adjusted returns.

Markov Regime Switching Model | *Python, Time-Series Modeling, Back-testing*

May. 2025

- Implemented a Hidden Markov Model (2 states) on S&P 500 and bond returns using 10+ years of data.
- Back-tested a dynamic allocation strategy, yielding a Sharpe ratio of 1.21 vs. 0.84 for a static 60/40 benchmark.
- Classified market into different volatility states, validating with regime-dependent return/volatility differentials.

Cointegration Strategy Back-Testing | *Python*

Jan. 2025

- Implemented a pair trading strategy on US equities using the Engle-Granger cointegration test over 10+ years of daily data.
- Achieved mean-reversion entry/exit signals with annualized Sharpe ratio of 1.15 and max drawdown under 7%.
- Generated 6% annualized excess return over market benchmark with controlled drawdowns.

TECHNICAL SKILLS

Languages: Python, SQL, C/C++, VBA, MATLAB, Bash

Quantitative Methods: Monte Carlo Simulation, Numerical PDEs, Time-Series Modeling, Stochastic Calculus, Optimization, Regime Detection, VaR/ES

Tools: Git, VS Code, NumPy, Pandas, SciPy, Statsmodels, Scikit-Learn, PyTorch, Tableau, VaR

Valedictorian

Activities: Master of Ceremonies, Soccer Club, MUN Club Founder

PROFESSIONAL EXPERIENCE

Interbank, Lima, Peru

June 2025-August 2025

FX Trading Summer Analyst

- Produced 15 pre-market reports analyzing macro events, catalysts, and sentiment to support daily desk briefings
- Delivered 3 slide decks on G10 and Latam FX trends, analyzing volatility, positioning, and USDPEN dynamics through Bloomberg data and market news to provide desk leadership with actionable insights shaping intraday strategies
- Conducted Python-based analysis of historical data on global currencies using Pandas and NumPy, identifying regime shifts, correlations, and volatility patterns to uncover market dynamics and enhance risk management decisions
- Developed and optimized XGBoost, LSTM, and Autoregressive models forecasting next-day USDPEN close price and expected volatility, achieving robust out-of-sample results; presented to bank leadership, earning strong endorsement
- Collaborated with traders to refine model input and align analytics with desk strategies for practical trading use

South African Institute for Entrepreneurship, Cape Town, South Africa

March 2024-May 2024

Project Development Intern

- Delivered agricultural entrepreneurship training for 50 low-income adults in South African townships, teaching financial literacy, marketing, and crop management to build business skills for launching and managing microenterprises
- Organized community market days, assisting with setup and produce preparation (beetroots, lettuce, and spinach) to establish a sustainable sales channel that generated 500 ZAR in income for trainees and their families
- Conducted monthly home visits to assess and support backyard gardens, handling recordkeeping and providing guidance on soil care and crop irrigation, leading to a 20% increase in yields and improved food security

Harvard International Review, Virtual

June 2023-October 2023

Social Sciences Researcher

- Authored a 20-page research paper analyzing how Peru's 2016 elections reshaped the balance of power between the Executive and Congress, driving a surge in political crises through the misuse of presidential vacancy motions
- Synthesized data from 20 congressional records, press archives, and government reports, comparing pre- and post-2016 election periods to identify the institutional drivers behind recurring political crises in Peru
- Published in the Harvard International Review, recognized for academic quality and contribution to political analysis

LEADERSHIP EXPERIENCE

National Student Parliament, Lima, Peru

January 2023-February 2023

President of Congress

- Chaired plenary sessions with 130 student congress members, fostering cross-party consensus on financial education policy
- Managed legislative procedures and upheld parliamentary protocol to ensure transparency and effective governance
- Co-drafted and championed a financial literacy bill for the national curriculum, securing broad majority support

Innova Schools' Olympic Games, Lima, Peru

August 2021-October 2022

Captain of the White House Team

- Led 220 students and 10 faculty members across 90 interhouse sports competitions, securing two championship titles
- Mentored 15 sub-captains, organizing regular planning sessions to strengthen student engagement across all grade levels
- Designed competitive strategies, oversaw match-day operations, and implemented performance tracking systems
- Fostered strong team unity through motivational initiatives, including writing team chants, liaising with parents to buy costumes, and leading rehearsals for group dances that boosted school spirit.

SKILLS AND INTERESTS

Technical: Excel, Python, Bloomberg

Languages: Spanish (native), English (fluent)

Interests: Rubik's Cube, 8-Ball Pool, Calisthenics

EDUCATION

McMaster University – DeGroote School of Business

Hamilton, ON

Honors Bachelor of Commerce with Co-op, Minor in Innovation

Expected April 2028

- **Academic: cGPA:** 3.7/4.0
- **Scholarships:** TELUS (\$5,000), McMaster Award of Excellence (\$3,000), DSB Entrance award (\$2,000)
- **Awards:** DFIC Analyst of the Year (2025), DFIC Annual Stock Pitch Competition (1st, 2025), DeGroote MBA x TSS Stock Pitch Competition (1st, 2024), Ducs Unlimited National Competition (1st, 2023), NIBC Global Investment Banking Competition (4th, 2025), ACHIC x Onex Take-Private Competition (Finalist, 2025)

PROFESSIONAL EXPERIENCE

RBC Capital Markets

Toronto, ON

Incoming Investment Banking Summer Analyst

May 2026 – Aug 2026

Turtle Creek Asset Management

Toronto, ON

Incoming Investment Winter Analyst - North American Equities

Jan 2026 – Apr 2026

- Accepted a 16-week internship with Turtle Creek Asset Management, a Canadian hedge fund with ~\$6B AUM

Signal Hill Equity Partners

Toronto, ON

Private Equity Summer Analyst

May 2025 – Aug 2025

- Completed a 17-week internship with Signal Hill Equity Partners, a private equity firm with ~\$500M committed
- Built virtual data room with senior execs for \$200M portfolio company sale, ensuring timely and detailed buyer diligence

Select Investment Research Experience:

- **Prospective Buyout of a ~CAD\$40M Canadian Industrials company**
 - Led an expert call with the CEO & Founder of a US competitor, which when combined with other primary research, validated that the value proposition of the target and its incumbent competitors warranted further pursuit
 - Constructed an LBO model demonstrating IRR hurdle met under ~3.1% conservative growth scenario, supporting IC decision to advance buyout process
- **Prospective Buyout of a ~US\$100M AEC company**
 - Executed end-to-end due diligence by coordinating data room intake and reviewing key financial and legal materials
 - Performed normalization analysis and FCF projections, pinpointing margin shortfall that disqualified the target
 - Produced IC deck outlining FCF margin gap, directly influencing decision to terminate pursuit of \$100M target

Grey Wind Capital

New York City, NY

Private Equity Summer Analyst

May 2024 – Aug 2024

- Sourced 20+ \$10–50M EV targets with recurring cash flows, identifying 3 with strategic upside for active consideration

EXTRACURRICULAR INVOLVEMENT

DeGroote Finance & Investment Council (DFIC)

Hamilton, ON

Senior Analyst

Sep 2024 – Present

- Recommended a long position in NASDAQ: AMAT, highlighting key investment theses overlooked by analysts and establishing a \$223.90 price target, representing a 3-year IRR of 9.41%
- Recommended a long on NYSE: BLDR based on underappreciated synergies in its roll-up M&A strategy and digital adoption tailwinds; modeled upside under various macro housing scenarios

Association of Canadian Intercollegiate Investment Council

Hamilton, ON

Senior Equity Analyst

Sep 2024 – Present

- Pitched a long position in NASDAQ: VRSN, citing robust & growing cash flow fueling high ROI investments
- Developed a comprehensive LBO model for a take-private pitch of NASDAQ: WSC, identifying a 22% IRR

BLK Capital Management

Boston, MA

Equity Research Analyst

Feb 2025 – Present

- Pitched a short position on NYSE:NEE, highlighting policy and capex risks that could drive valuation downside
